To whom it may concern;

Regarding Allstate Rubber wall base, NFPA #101 life safety code, 1998.6-24 states

Interior finish not in excess of 10% of the aggregate wall areas of any room or space may be class 3 (class C) materials in occupancies where interior finish of Class 1(A) or 2(B) is required

Our wall base is Class C material.

NFPA 253 is the same as ASTM E648

Sincerely,
Ivan Stoler
President
