

Stairtread Specifications

All Allstate Stairtreads are manufactured of 100% virgin vulcanized NON SHRINKING rubber & NR Natural rubber. They are compression molded at 2000 pounds per square inch tonnage for greater wear and easier maintenance. All Allstate treads conform fully w/ US Federal specification # RR-T-650C, Composition A, Types 1, 2, & 4. All Allstate treads meet flammability requirements of the NFPA Life safety code 101.

- ASTM E 162-98 = 54.74
- ASTM E 84-00a = Class B
- ASTM E 648/NFPA 101 = Class 1

- **Brasilia™** is available in Square Nose only. Lengths up to 72". The nose is a 2" long adjustable nose. 12" deep. 100+ colors. Gauge: ¼" tapering to 1/8" in back. Butts to Brasilia™ & Belem™ rubber flooring.
