Allstate Stairtreads Spec Sheet:

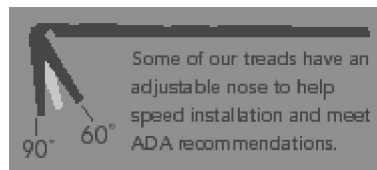

All Allstate Stairtreads are manufactured of 100% virgin vulcanized NON SHRINKING rubber. They are compression molded at 2000 pounds per square inch tonnage for greater wear and easier maintenance. All Allstate treads conform fully w/ US Federal specification # RR-T-650C, Composition A, Types 1, 2, & 4. All Allstate treads meet flammability requirements of the NFPA Life safety code 101.

ASTM E 162-98 = 54.74

ASTM E 84-00a = Class B

ASTM E 648/NFPA 101 = Class 1
