

HOMOGENEOUS CORK TILE FLOORING: Warranty

15-YEAR LIMITED WARRANTY - MANUFACTURING DEFECTS

[TECHNICAL SUPPORT 718.526.7890/SALES@ALLSTATERUBBER.COM](mailto:SALES@ALLSTATERUBBER.COM)

All Allstate Resilient Flooring products are carefully inspected prior to shipment. Final inspection and approval is the customer's responsibility. The customer must approve and verify pattern(s) and color(s) as correct before installation. Additionally, because cork is a natural product, shade variation between tiles is normal and is not considered a defect; however the client must make the determination of the acceptability of the shading. Allstate Rubber is not responsible and will not accept claims for the installation of incorrect material, visually defective material or material that does not meet customer expectations in terms of shade consistency or variation. Installation of material shall be deemed confirmation of pattern, color, appearance and all other visual factors including but not limited to squareness and thickness. All materials should be inspected upon receipt of goods and before installation. Allstate warrants for a period of fifteen (15) years after installation that its Cork Flooring is free from manufacturing defects. This limited warranty shall be available only to the original customer who purchased the product.

THIS WARRANTY DOES NOT COVER:

1. Damage due to unusual wear and tear on cork tile, including but not limited to indentations caused by stiletto heels; failure to use appropriate furniture rests, glides or casters;
2. Installation of incorrect or visually defective material;
3. Damage due to discoloration including but not limited to fading from sunlight or contact with staining agents;
4. Failure due to irregularities in the sub-floor, improper sub-floor preparation or improper use of subfloor materials;
5. Damage due to moisture including but not limited to moisture emissions and/or hydrostatic pressure in the sub-floor;
6. Damage due to accident or abuse;
7. Damage due to improper maintenance or improper use of maintenance products;
8. Dissatisfaction or damage caused by site applied finishes;
9. Dissatisfaction, problems or damage due to use of improper installation tools and/or materials;
10. Dissatisfaction based upon shade or color variations in the tiles after installation;
11. Dissatisfaction or failure due to improper installation;
12. Wear through of factory or site applied finishes.
13. Extreme environmental conditions, meaning exposure to extreme heat, moisture or dryness (more than 65%, less than 35% R.H.).
