

Vent Cove Base: Highlights

Allstate Vent Cove Base is designed specifically for sports floors that require air circulation under a floor system, specifically with the benefit of allowing unobstructed expansion and contraction of athletic wood floors.

- For sport & commercial applications
- Back surface vented for breathability
- Back surface machined for easy gluing
- Optional mechanical fastening feature
- Best in the industry for adhesive bond
- Optional outside corners with matching profile available
- Manufactured from 80% recycled plastics
- 100% recyclable – post consumer
- Coating is non-flammable, low VOC, and abrasion resistant
- Easy clean up; wipe with mild soap and water
- Made in the USA
- Custom colors available
